

Diversion of Traffic at Vallarpadam

The vehicle traffic at Vallarpadam Island will be diverted through the newly constructed National Highway with effect from 6th March 2015 for facilitating the construction of flyover in front of ICTT. The contractors of the work, M/s GPT-GEO JV will make necessary arrangements for effecting the diversion without causing inconvenience to the public.

The trailers will not be allowed to be parked in the area. They may use one side of the new road from Kalamukku Jn to Puthuvypeen for the purpose, for the time being.
